ELIGIBILITY FACTORS FOR IMMIGRANTS

Immigrant Eligibility for Federal Non-Emergency Medicaid and CHIP

- In 1996, as part of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA), Congress created two categories of immigrants for federal benefits eligibility purposes:
 - “qualified”
 - “not qualified”
- Immigrants who are “not qualified” can qualify for Medicaid payment for emergency services

“Qualified” Category for Federal Non-Emergency Medicaid and CHIP

Immigration status must be “qualified” to meet the Medicaid and CHIP immigration eligibility requirement

“Qualified” Immigrants: (categories defined by statute)

- Lawful Permanent Residents (LPR)
- Certain domestic violence and trafficking survivors and their derivatives
- Refugees
- Asylees
- Persons granted withholding of deportation/removal
- Conditional entrants
- Cuban/Haitian entrants
- Parolees (in the U.S. for more than a year)
- Certain American Indians

Additionally, many “qualified” immigrants who entered the U.S. on or after August 22, 1996 must wait at least five years in “qualified” status (with some exceptions) to become eligible for Medicaid or CHIP.

Exceptions to the 5 Year Bar for “Qualified” Statuses

- Refugees, asylees, persons granted withholding of deportation/removal, Cuban/Haitian entrant, Amerasian, trafficking survivor, or Iraqi or Afghan special immigrant status
- Veterans & families; active duty military & families
- Children (state option)
- Pregnant women (state option)

Note: In Alabama, Mississippi, North Dakota, Texas, Virginia, and Wyoming, LPRs who entered the U.S. on or after August 22, 1996 must be credited with 40 quarters of work to be eligible for Medicaid.

In Alabama, Mississippi, Texas, Virginia, and Wyoming, Medicaid is available to refugees, asylees, persons granted withholding of deportation/removal, Cuban/Haitian entrants, and Amerasian immigrants during the seven years after obtaining this status.

“Not Qualified” Immigrants

Immigrants who do not meet the Medicaid/CHIP immigration eligibility requirement because they are “not qualified” are eligible for emergency Medicaid and other programs

“Not Qualified” Immigrants:

Anyone who is not a citizen or “qualified” immigrant, including:

- Undocumented immigrants
- Lawfully present individuals such as nonimmigrant visa holders (i.e., students, temporary workers, etc.)

Programs available to ALL: emergency Medicaid, CHIP coverage for pregnant women in some states, immunizations, Community Health Centers/FQHCs, Migrant Centers, hospital charity care, and others.

States Have Some Flexibility to Vary from the General Eligibility Rules

Federal Medicaid/CHIP Options

- Under the “unborn child” option in CHIP, states can choose to provide certain medical services to pregnant women, regardless of immigration status, if they are not otherwise eligible for Medicaid
- States can waive the five-year bar and provide Medicaid/CHIP to “lawfully residing” children and pregnant women
- Some states are less inclusive of certain immigrants

State-Funded Options

- States can be more inclusive, covering additional immigrants with state-only funds.

Sponsor Deeming

- Immigrant sponsor deeming may prevent an immigrant from qualifying based on income (even if the immigrant receives nothing from the sponsor)
- Some exceptions apply
- State practices vary, including choosing not to deem in certain programs
- There is no sponsor deeming for Marketplace coverage or premium tax credits

- To verify residency, marketplaces:

CHALLENGES FOR FAMILIES THAT INCLUDE IMMIGRANTS

Concern about Immigration Enforcement

IT'S SAFE TO APPLY

- *Questions:* If I go to the Marketplace to apply, will the government find out that my (spouse or parent or child) is undocumented? Will the Marketplace report my undocumented family member to immigration authorities?
- *Answer: SAFE TO APPLY*
 - ACA includes strong protections for personally identifiable information; some privacy provisions were written to encourage participation of mixed-status immigrant families.
 - Agencies can collect, use, and disclose only that information strictly necessary for enrollment in health coverage.
 - Information about applicants/household obtained for health insurance eligibility will *not* be used by ICE/DHS for immigration enforcement.

See resource materials— [ICE memo Oct'13 \(Spanish\)](#), [HHS FAQ](#)

Concern about Privacy and Confidentiality

- The Marketplaces, Medicaid and CHIP agencies must require their employees and contractors to follow robust rules protecting privacy.
- Contractors include
 - ❖ QHP issuers
 - ❖ Navigators
 - ❖ Certified application counselors
 - ❖ Agents
 - ❖ Brokers

Concern About Public Charge

- *Question:* If I or my family member applies for Medicaid or for help with costs of coverage, will immigration authorities deny our application for a green card or citizenship?
- *Answer:* Medicaid, CHIP, and Marketplace subsidies are not considered in screening green card applicants for public charge.
- Medicaid exception: long-term institutionalization.
- Public charge is not applicable when applying for citizenship.

Concern About Discrimination

- Discrimination based on race, ethnicity, and national origin, including language spoken, is prohibited by Title VI of the Civil Rights Act and ACA Section 1557
- Applies to all entities receiving federal financial assistance: consumer assisters, clinics, hospitals, insurers, Marketplace agencies, Medicaid and CHIP agencies, contractors, HMOs, others
- Applications, processes and procedures that have a chilling effect – deterring eligible immigrants from applying – may violate Title VI and Sec. 1557

Access to Language Services

- Agencies must provide meaningful access of limited-English proficient individuals to all programs receiving federal assistance
- Agencies must provide free oral interpretation services and translate key documents into top languages.
- Assisters should learn which languages predominate
- Call center (1-800-318-2596) can connect to language lines for immediate interpretation into 150 languages.

Concern About the Effect on Sponsors

- *Concern of sponsored immigrants:* Enrolling in Medicaid/CHIP may make my sponsor liable for the cost of my coverage
- The law allows states, but does not require them, to seek some reimbursement from sponsors for certain programs, but state studies show the process is not cost-effective.
- Sponsors are not liable for a sponsored immigrant's premium tax credit

APPLICATION PROCESS
